

Report from Middleware Working Group.

Hubert Simma

NIC/DESY

23rd ILDG Workshop

April 24, 2015

Status of global ILDG Services

VOMS

<https://grid-voms.desy.de:8443/voms/ildg>

- > Stable operation
- > $O(25)$ members suspended because AUP not re-accepted
Notifications missed or not received?

Webpage

<http://plone.jldg.org/ildg>

- > Very often inaccessible
- > Info not updated (e.g. ildg@sapac.edu.au)
- > Requires registration (trivial)
- > Need backup of content!
- > Consider migration?

INCA

- > Not yet migrated

New MWWG Members

- > Craig McNeile (UKQCD)

Discussions and Activities

- > No regular meetings recently
- > No real progress on tools for generation of metadata

Plans and pressing issues:

- > Reactivate and improve web pages
- > Tools (scripts) for easy markup
- > Find resources for the above
- > Clarify policy for access restrictions
